EST 2020

“Smarties”

This month we will be learning about different things to do in the outdoors and what our state has to offer us as outdoor activities. Our field trip will be on July 14, 2021, we will be doing the wildlife loop in Custer State Park and we will follow with lunch in the park at Legion Lake. On July 28, 2021 we will be going to Vicky Power’s park and have lunch there.

“Summer Camp”

In the month of July we are planning to do more field trips. We are planning to go to Reptile Gardens, Dinosaur Park, Museum of Geology, and Keystone Historical Museum. We will also be doing water play on Wednesday’s & to end the week will we be having a movie day on Friday’s.

“Lollipops”

This month we are still keeping with the summer theme. We will introduce more science experiments for your children to participate in. As a reminder, we have water play every Thursday (weather permitting). To ensure your child is able to enjoy as much time outside, please have them here by 9:00am. As always, reach out with any questions!

“Gummy Bears”

Hello Summer! Our classroom will be doing more fun and exciting but messy projects. From slime, food projects and more water days. This month will be jam packed with fun summer activities! We will also be having an ice cream party at the end of the month and would love it if you could join us! This month’s themes are Fireworks, camping, ice cream and bees! Happy Independence Day!

“Gumdrops”

Happy July! The theme this month is going to be insects. We will also focus on the color red. The kids are loving the time that they get to spend outside (especially water days)! We will continue to have water days every other week and a note will always be posted outside my door a day prior. Also, please clean out your child’s bins. a lot of them are overflowing. Thanks for letting me take care of your child!
