

October

class newsletter

"Smarties"

October has made its way to us, and so fast if I must say. Please remember to bring winter boots, snow pants, coats & clothes i.e. snow and gloves. We all know how fast South Dakota's weather changes. This month we will be learning about everything fall and the harvest. We will be encouraging the children to sign their names into the sign in book, this will help the children with their writing. We will be working on calming down strategies and

using their big voice.

"Lollipops"

This month the Lollipop classroom will be practicing tracing our names, our ABC's, and counting to 15! We will continue to practice using our words with our friends and learning independence with putting our shoes on, using the potty, and washing our hands! We encourage all families to bring in a picture to hang up on our wall!

"Gummy Bears"

Happy Fall! In

October we are going to talk about all things fall, leaves, pumpkins and spooky Halloween. We will start off this month by talking about how the seasons change and make the leaves change color and fall. As we move through the month of October we will dive into exploring pumpkins. We will discuss the color, shape and texture of different kinds of gourds and pumpkins. At the end of the month we will have some spooky Halloween fun filled with creepy crawly crafts and pumpkin decorating. As we enter the cooler months please dress your child accordingly.

"Gumdrops"

Happy Spooky Season everyone! This month's theme is Halloween. The number is, 2 and the letter is, B!
